

4th Tech Summit on Artificial Intelligence & Robotics

September 28–30, 2026 | Paris, France + Virtual

Day 1 - September 28, 2026 (Monday)

Meeting Hall: TBA

08:00 - 16:00 Registrations

08:50 - 09:00 Welcome Message by Dr. Syed Ejaz Ahmed, Brock University, Canada

09:05 - 10:30 Keynote Forum

09:05 - 09:30 Title: AI Ethics is Misleadingly Shaping our Perceptions and our Behaviors

Dr. Emmanuel R Goffi, Isep - Paris Institute of Digital Technology, France

09:30 - 09:55 Title: Quantum-Safe by Design: Using AI to Decode, Assess, and Modernize Cryptography

Mr. Soenil Soebedar, Soebit Cybersecurity, The Netherlands

09:55 - 10:20 Title: Smart Automation and Transformation of the Finance Function leveraging AI and Human in the Loop

Mr. Armand Angeli, Vice-President, Digital Transformation and AI Group, DFCG, France

10:20 - 10:45 Title: Towards Safe Surgical AI: Why the European Union Needs Dedicated Guidelines

Dr. Andrew Gumbs, Hospital Antoine Beclere, France

Title: Leveraging Weak Signals for Improved Prediction: A Post-Shrinkage Approach in AI-Driven

11:10 - 11:35 High-Dimensional Models

Dr. Syed Ejaz Ahmed, Brock University, Canada

Networking & Refreshment Break 10:45 - 11:10

11:10 - 11:35 Speaker Slot Available

Panel Discussion

11:35 - 12:25 "Bridging Statistical Learning and Machine Learning for Intelligent Robotics"

Speaker Slot Available

Moderator Slot Available

Plenary Session

12:25 - 12:40 Title: What's the Issue with Responsibility and Justice for Human-Robot Interaction?

Mr. Bo Kampmann Walther, University of Southern Denmark, Denmark

12:40 - 13:00 Speaker Slot Available

Lunch Break @13:00 - 14:00

14:00 - 14:20 Title: Your UI is not my UI

Mr. Simon Lenz, Germany

14:20 - 14:40 Title: Human-Centered and Responsible AI: Aligning Innovation, Ethics, and Workforce Readiness for Sustainable Global Impact

Mr. Karen Lynne-Daniels Ivy, University of Arizona Global Campus, United States of America

14:40 - 15:00

15:00 - 15:20

15:20 - 15:40 Speaker Slot Available

15:40 - 16:00

Panel Discussion

16:05 - 17:00 "AI-Driven Cyber Defense"
Speaker Slot Available
Moderator Slot Available

All Timings are Subject to change as this is a Tentative Program

Certificate Presentations

17:00 - 17:30 Closing Remarks for Day 1

Day 2 - September 29, 2026 (Tuesday)

Meeting Hall: TBA

08:00 - 16:00 Registrations

09:05 - 10:30 Keynote Forum

09:00 - 09:20 Title: The AI of Influence
Ms. Cheri Tree, Codebreaker Technologies, United States of America

09:20 - 09:40 Speaker Slot Available

09:40 - 10:00 Title: Augmented Reality Applications as an Effective Methodology in the Early Ages' Education
Dr. Eva Cipi, University Ismail Qemali Vlore, Albania

10:00 - 10:20
10:20 - 10:40 Speaker Slot Available

Networking & Refreshment Break 10:45 - 11:10

Panel Discussion

11:10 - 12:10 "Edge AI and Robotics: Enabling Real-Time Intelligent Systems"
Speaker Slot Available
Moderator Slot Available
Speaker Slot Available

Plenary Session

12:10 - 12:30
12:40 - 13:00 Speaker Slot Available

Lunch Break @13:00 - 14:00

14:00 - 14:20
14:20 - 14:40
14:40 - 15:00 Speaker Slot Available
15:00 - 15:20
15:20 - 15:40
15:40 - 16:00

Networking & Refreshment Break @ 16:00 - 16:30

16:45 - 17:00

17:15 - 17:30

17:15 - 17:30

Closing Remarks for Day 2

Virtual Meeting (GMT+2)

Keynote Forum

Mr. Raj Kapoor, India Blockchain Alliance, United Arab Emirates

Title: Design aspects of energy efficient deep learning pipeline models to create light weight LLMs

Dr. Edara Sreenivasa Reddy, VIT-AP, India

Title: AI in Industrial and Manufacturing Industry

Dr. Chirag Agrawal, Novelis, United States of America

Title: Agentic AI for Cybersecurity: Autonomous Defence in a Dynamic Threat Landscape

Dr. Nadeem Qazi, University of East London, United Kingdom

Title: Human-Centric AI and Robotics for Resilient, Ethical, and Scalable Systems

Dr. Arshad Husain, The Institute of Professional Studies - TIPS, Pakistan

Title: How AI Agents Will Transform the Employee Experience

Mr. Prasad Bheemavarapu, Oracle America Inc, United States of America

Title: AI-Led Personalization: The Rise of Intelligent AI Agents

Mrs. Irina Karagyaour, BQ9, Spain

Title: Trust-Aware Autonomous Intelligence: A Convergent AI-Robotics Framework for Adaptive, Ethical, and Human-Centric Future Systems

Dr. G.Prasanna Lakshmi, Aditya Institute of Technology & Management (AITAM), India

12:20 - 12:40

Title: Modern Big Data Applications with Azure: Powering AI, GenAI, and Real-Time Intelligence

Mr. Ravi Kiran Paaidi, Independent Researcher, United States of America

12:40 - 13:00

Speaker Slot Available

13:00 - 13:20

Title: Architecting Intelligence: Building AI Systems That Serve Billions in High-Stakes Production Environments

Ms. Anusha Mukka, Meta Platforms Inc, United States of America

13:20 - 13:40

Title: From Observability to Autonomy: Building Agentic AI Systems on Streaming Data Platforms

Mr. Hari Krishna Pokala, St.Joseph's College of Engineering, United States of America

13:40 - 14:00

Title: From Chatbots to Agents: Designing Safe Tool-Using LLM Systems for Real Workflows

Mr. Naga Sai Mrunal Vuppala, IEEE Senior Member, United States of America

14:00 - 14:20

Title: AI Enhanced Intelligent Data Mining for Scalable, Governed, and Trustworthy Enterprise Analytics

Ms. Raiya lakshmi Kollipara , Coanizant Technology Solutions US Corp, United States of America

14:20 - 14:40

Title: Building Trustworthy AI Systems from Data Engineering to Production Reliability

Mr. Ravi Teja Reddy Mandala, Oracle America Inc, United States of America

14:40 - 15:20

Speaker Slot Available

- 15:20 - 15:40

Title: Building Trustworthy AI Systems from Data Engineering to Production Reliability

Mr. Ranjit Kumar Reddy Ponugoti, University of Madras, United States of America
- 15:40 - 16:00

Speaker Slot Available
- 16:00 - 16:20

Title: Building Enterprise-Ready AI Governance Frameworks for Trustworthy, Secure, and Responsible AI Adoption

Ms. Sameena Begam Savukath Ali, Liberty Mutual, United States of America
- 16:20 - 16:40

Title: Driving Transformation with AI

Mr. Mark Mosley, ServiceNow, United States of America
- 16:40 - 17:00

Title: Optimizing MuleSoft for Scalability and Sustainability

Mr. Venkata Pavan Kumar Gummadi, Broadridge Financials, United States of America

Title: From Generative AI to Agentic AI: Building Enterprise-Ready Intelligent Systems for Secure, Scalable, and
- 17:00 - 17:20

Speaker Slot Available

17:30

Meeting Adjourns
